

What is the Local Offer?

The Local Offer helps children and young people with special educational needs and disabilities (SEND), and their families to make informed choices about the support and services they receive.

It is where you will find information and services in one place.

If you need help to find support contact the Local Offer Advisor on 0345 606 1490

Our Local Offer website is a one-stop shop, which continues to develop as we co-produce with parents, carers, children, young people and professionals by receiving and responding to feedback.
