

Dear Westbourne Academy Students

We are delighted to invite you to download our new Safer Schools App! The Safer Schools App free for your school! This App will help you become even safer online – whether you're gaming in your room, scrolling through social media or searching the internet! Use the code below to log-in to the App and to start your journey on becoming safer online!

About the App

The App is designed to support and protect young people by educating and empowering them both at school and at home. Through your log-in, you will get access to information that is relevant and you will receive tips and advice on how to keep safer online.

Excited? Ready to be safer?

Download the Safer Schools App now!

Make sure to enable push notifications to keep up-to-date with our tips, advice and guidance on how to make you safer online.

Educate, empower & protect the entire school community.

Download and Login Instructions

STEP 1

Search 'Safer Schools' and download the App.

STEP 2

When you open the Safer Schools App, you will be presented with the login screen. Here you will see your two options for accessing the App - numeric or QR.

1) Scan the QR Code

First, tap the "Scan QR Code" button (...or just Scan QR on Android...).

Hold your device so the QR code appears in your camera view (you may need to give permission for the App to use the camera). When it scans the code, you will be logged in!

2) Using the Numeric Code

In the "Select your school" section, choose your organisation from the dropdown list and click 'continue'.

Next, simply enter the 4-digit access entry code for your role within the school (parent/carer, staff or pupil).
